| الرمز الكودي:        | الكيمياء الحيوية و كمياء التغذية | اسم المقرر: |
| الفرقه/المستوى:      | الفرقه الثانية                   |             |
| التخصص:              | الكيمياء الحيوية                 |             |
| عدد الوحدات الدراسية | ٤ ساعات نظري / الاسبوع           | الاسبوع     |
| الفصل الدراسي:       | الاول                            | الثاني      |

### 1- Overall aims هدف المقرر

- Identify, describe and understand the structure, function and metabolic role of carbohydrate, proteins lipids and vitamins. Understand and acquire skill in laboratory diagnosis of different macromolecules and different methods for blood, milk and urine analysis.....

### 2- Intended Learning Outcomes (ILOs) المستهدف من تدريس المقرر

#### 2.1- Knowledge and understanding (KU) المعلومات و المفاهيم

By the end of this course the graduate should be able to:-

- 2.1.1. **Recall** structure and properties of water, buffers, structure and properties of amino acids, peptide bond, protein structure, structural & functional classification of proteins, and introduction to enzymes and metabolism.

- 2.1.2. **Outline**

- 2.1.3. Describe . structure of carbohydrates, lipids, nucleic acids, and related chemical moieties (hormones, vitamins, etc.),with special emphasis on macromolecules structures and functions

- 2.1.4. Recognize

- 2.1.5. Illustrate chemical structure and function of biomolecule of carbohydrate, protein and lipid.

- 2.1.6. Describe, basis of anabolic and catabolic pathways

- 2.1.7Understand normal functions of carbohydrates, lipids, nucleic acids, and related chemical moieties (hormones, vitamins, etc.),.....

#### 2.2- Intellectual skills (Is) المهارات الذهنية

By the end of studying this course, the graduate should be able to:-

- 2.2.1. Discriminate the simple unknown of various food nutrient
- 2.2.2. Differentiate between the effect of nutritional, malnutrition, starvation, exercises, obesity, and diseased condition on the metabolism.
- 2.2.3. Interpret the difference between normal and abnormal metabolism and the relation to other disease
- 2.2.4. Integrate the different metabolic pathways and relation to inborn errors
- 2.2.5 Thinking of mechanisms of action of hormones, enzymes and various metabolites.....

### المهارات العملية و المهنية (PPs) 2.3- Professional and Practical skills (PPs)

By the end of studying this course, the graduate should be able to:-

- 2.3.1. Assess laboratory diagnosis of different macromolecules and different methods for blood, milk and urine analysis

- 2.3.2. **Collect** urine and blood samples

- 2.3.3. **Prepare** reagent for simple unknown identification for different diets and blood analysis

2.3.4. **Perform** Basic Laboratory Techniques, Estimation of some diet constituent in solutions.

2.3.5. Achieve calculation problems in biochemistry including calculation of concentration, pH value, ionization of weak acids, buffer composition, and reaction constants as well as the subjects of spectrophotometric measurements and statistical analysis of data.

2.3.6. The course also offers lecture on the same subjects supported by hands-on experiments whenever possible.

### المهارات العامة - 2.4 General and Transferable skills (GTs)

By the end of this course, the student should be able to:-

- 2.4.1. Demonstrate the structural, functional and metabolism of carbohydrates, lipid and protein and related chemical mediators.

- 2.4.2. Operate Biochemical diagnostic tests for disease related to body fluid.

### 3- محتوى المقرر

#### 4- أساليب التعليم و التعلم

- محاضرات نظرية: مطورة تعتمد على مشاركة الطلاب بالمناقشة و استخدام ال Multimedia
- دروس عملية: اجراء الاختبارات المعملية والتحليلية المختلفة
- أنشطة التعلم الذاتي:
  - تكليفات بعمل بحوث من شبكة الانترنت و المكتبة
  - تقسيم الطلاب الى مجاميع لعمل لوحات توضيحية للتفاعلات الكيميائية الحيوية المختلفة
- التدريب الصيفي عمل مجموعات لاجراء التحاليل الطبية لتشخيص الامراض المختلفة

#### 5- أساليب التعليم و التعلم ذوى القدرات المحدودة

- تفعيل ساعات الريادة العلمية و الإعلان عنها
- مراجعة الإمتحانات و بعض الدروس

#### 6- تقويم الطلاب

##### 6.1- الأساليب المستخدمة

| الأهداف التعليمية المستهدفة  |                              |                   |                                   | الأساليب المستخدمة   |
|------------------------------|------------------------------|-------------------|-----------------------------------|----------------------|
| المهارات العامة<br>والمنقولة | المهارات العملية<br>والمهنية | المهارات الذهنية  | المعلومات و المفاهيم              |                      |
|                              |                              | 2.2.2             | 2.1.1-2.1.2-2.1.3<br>2.1.4-2.1.5- | - الإمتحانات النظرية |
|                              | 2.3.1<br>2.3.4               |                   |                                   | - الإمتحانات العملية |
|                              |                              | 2.2.1-2.2.2-2.2.4 |                                   | - إمتحان شفوي        |
| 2.4.1-                       |                              |                   |                                   | - الانشطه الطلابية   |

##### 6.2- التقويت

- الأسبوع الرابع و الثامن
- إمتحانات دورية
- الأسبوع السادس عشر
- إمتحان نظري نهاية الفصل الدراسي
- الأسبوع السادس عشر
- إمتحان عملى نهاية الفصل الدراسي
- الأسبوع السادس عشر
- إمتحان شفوى نهاية الفصل الدراسي
- علي مدار العام
- الانشطه الطلابية

##### 6.3- توزيع الدرجات

| الإجمالي (درجة) | الفصل الدراسي (درجة) | الإجمالي                        |
|-----------------|----------------------|---------------------------------|
| 4               | 2                    | الانشطه الطلابية                |
| 16              | 8                    | إمتحانات دورية                  |
| ٥٠              | ٢٥                   | إمتحان نظري نهاية الفصل الدراسي |
| ٢٠              | ١٠                   | إمتحان عملى نهاية الفصل الدراسي |
| ١٠              | ٥                    | إمتحان شفوى نهاية الفصل الدراسي |
| ١٠٠             | ٥٠                   | الإجمالي                        |

## 7- قائمة الكتب الدراسية و المراجع

### 7.1- مذكرة

- مذكرات أستاذ المادة.

- Biochemistry and chemistry of nutrition part 1 & 2 by staff members of biochemistry (2011).....

### 7.2- كتب ملزمة

- .....Practical notes in biochemistry.....
- .....

### 7.3- كتب مقتربة

- Harper review of biochemistry
- Lehninger principles of biochemistry 4<sup>th</sup> edition 2005. DAVID I.NELSON MICHAEL M. COX.
- BERG, Jeremy M.; Tymoczko, John L.; Stryer,Lubert Biochemistry 3<sup>rd</sup> edition.of biochemistry by Mathews, van Holde, and Ahern.....
- .....

### 7.4- دوريات علمية أو نشرات ..... إلخ

#### Journals

- Clinical biochemistry j.....
- ...Egyptian J of biochemistry.....

#### Websites

#### WWW. Wikipedia encyclopedia

- www.biochem.uiowa.edu
- www.biochem.vt.edu.....
- www.queenflub.com/biochem.....
