

Beni-Suef University (BSU): Anti-bribery and corruption policy

The Beni-Suef University seeks to prepare an educated and conscious generation capable of carrying the banner of development and development for the country. The university also believes that eliminating corruption helps the flow of investments and the success of the economic reform system. The following points confirm the university's interest in combating corruption and bribery:

1. The university adopts and implements the National Anti-corruption Strategy, which contributes to achieving the goals of sustainable development 2030.
