A print version of this announcement (PDF) is available in the further tabs (e.g. "Application requirements").

As an outcome of success achieved during the German-Egyptian Year of Science & Technology 2007, a cooperation agreement has been made between the Ministry of Higher Education and Scientific Research of the Arab Republic of Egypt "MHESR" and the German Academic Exchange Service (DAAD). Funds made available by the German Federal Foreign Office and the Egyptian Ministry of Higher Education have been allocated to create a programme offering postgraduate scholarships for Egyptian doctoral candidates.

?Who can apply

The programme is aimed at highly-qualified Egyptian doctoral candidates, who have been awarded M.A./M.Sc. degrees in the past three years. Applicants must be affiliated to Egyptian Public universities, public research institutions and ministries and must fulfill the eligibility criteria of the Missions's department.

?What can be funded

Candidates can select adequately structured PhD courses or PhD supervisors in Germany themselves in order to join the GERLS programme. However, dual funding from universities offering such courses and the GERLS programme are not permitted.

Duration of the funding

The GERLS programme will be administered by the DAAD in close cooperation with the MHESR and German universities. Generally speaking, the scholarships within this programme are awarded for 12 months, subject to extension up to 48 months maximum.
